

## 13<sup>TH</sup> BLACK CRUSADE BLACK LEGION ARMY LIST

*Ten thousand years ago, the Imperium of Man was beset by a devastating civil war known as the Horus Heresy. Several Space Marine Legions rebelled against the “False Emperor” under the persuasive-yet-corrupt leadership of Warmaster Horus, a former lieutenant of the Emperor who fell under Chaos’ sway. Space Marine fought brother Space Marine, culminating in a final battle at the Imperial Palace on Holy Terra.*

*Though the forces of the Imperium were victorious, the Emperor of Mankind was mortally wounded and encased in the Golden Throne to sustain his life. Meanwhile, the surviving rebel Space Marines fled for the Eye of Terror, a massive Warp storm on the northeastern edge of the galaxy. Here, warp-space mixed with realspace and the Daemons of Chaos could manifest themselves.*

*The traitor Space Marines took refuge in the Eye of Terror, launching raids and Black Crusades from their maelstrom base. These Chaos Space Marines became an endless plague upon the Imperium, wreaking havoc in the name of their Chaos Gods.*

### Forces

The 13<sup>th</sup> Black Crusade Black Legion Army List uses the datasheets from the Black Legion Forces section.

### Using The Army List

The following army list allows you to field a Chaos Space Marine army based on Abbadon’s Black Legion. It can also be used as a “stand in” army list for other Traitor Legions, such as the Death Guard, World Eaters, Night Lords and Iron Warriors.

Black Legion formations come in three types: *retinues*, *elite formations* and *support formation*. Each retinue you include in the army allows you to field any one elite formation and any two support formations. Although you can only take an elite or support formation if you first take a retinue, they are treated as separate independent formations during the battle and do not have to move around together.

In addition, formations may be given up to four upgrades but each upgrade may only be taken once per formation. Which upgrades a formation may be given are listed in the “Upgrades” column. Upgrades are added to the formation and are not a separate formation. Each upgrade that is taken adds to the cost of the formation, as shown on the upgrade chart.

Black Legion armies may be supported by Chaos Navy and War Engine formations. Up to a third of the points available to the army may be spent on these formations.

### Special Rules

Certain units have special abilities described in *Augmented Summoning* (see *Augmented Summoning*) and *Daemonic Focus* (see *Daemonic Focus*).

### SPECIAL RULE

#### 13<sup>th</sup> Black Crusade Black Legion Epic Tournament Special Rules

The summoning point costs for a 13<sup>th</sup> Black Crusade Black Legion army are below. If a row contains a point cost in parentheses than this is the cost for formations that owe allegiance to Chaos Undivided.

#### Lesser Daemon Summoning Point Costs

| Daemon          | Faction  | Summoning Points |
|-----------------|----------|------------------|
| Daemonic Beasts | Any      | 1                |
| Bloodletters    | Khorne   | 1 (2)            |
| Plaguebearers   | Nurgle   | 1 (2)            |
| Daemonettes     | Slaanesh | 1 (2)            |
| Flamers         | Tzeentch | 1 (2)            |

#### Greater Daemon Summoning Point Costs

| Daemon            | Faction  | Summoning Points |
|-------------------|----------|------------------|
| Bloodthirster     | Khorne   | 8                |
| Great Unclean One | Nurgle   | 8                |
| Keeper of Secrets | Slaanesh | 8                |
| Lord of Change    | Tzeentch | 8                |

### SPECIAL RULE

#### Fickle Masters

The Chaos Powers are quick to punish or reward their champions. In the strategy phase if the Chaos player rolls a 6 they are rewarded for their tactical acumen with an additional 1D3 lesser daemons to add to the Daemon Pool (see Summoned Units). If the Chaos player rolls 1 their patron Powers withdraw their support and the Chaos player must remove D3 lesser daemons from the Daemon Pool. If the Chaos player has no remaining daemons in their Daemon Pool then there is no further effect.

## **SPECIAL RULE**

### *Summoned Units*

Each formation in a Chaos army owes allegiance to Chaos Undivided or one of the four chaos gods: Khorne, Nurgle, Slaanesh or Tzeentch. The Chaos player must declare each formation's allegiance before the battle, noting it down on their army list.

Unbroken formations with Daemonic Pact are able to summon daemons with a similar allegiance (or daemons of any allegiance if the formation owes allegiance to Chaos Undivided) to the battlefield from the Daemon Pool.

Daemons in the Daemon Pool are noted only as being lesser or greater daemons when they are purchased, they should be thought of as markers. The Chaos player must declare the number of lesser and greater daemons in the Daemon Pool in some fashion that is easily apparent to their opponent at all times. The Daemon Pool is kept off the board and daemons are removed from it as formations summon daemons to the battlefield.

A formation may summon daemonic units from the Daemon Pool as part of its action before declaring which action it will carry out. The formation generates 2d3 summoning points that can be used to move daemons from the Daemon Pool to the battlefield where they are converted to actual daemonic units. The allegiance of the summoning formation determines which daemonic units it may summon, while the daemonic units available to summon (and their respective summoning point costs) are defined in the specific Chaos army lists. Summoning points must be used immediately or lost, but un-summoned daemons in the Daemon Pool remain to be summoned by other formations or on later turns.

Summoned daemonic units must be placed within 5cm of a unit from the formation that was there prior to summoning, you may not place a "chain" of summoned units. They also may not be placed in enemy zone of control or in impassable terrain. Finally, an army may only have one greater daemon with a given allegiance on the battlefield at any one time. Summoned daemonic units count as part of the formation that summoned them while they remain on the battlefield.

Daemonic units that are destroyed are removed from play and not put back into the Daemon Pool. If a formation with daemonic units is broken then all the daemonic units are removed from play as well. If a formation with daemonic units loses an assault (see Work Out Result) the extra hits it suffers occur before it becomes broken and the daemonic units are removed from play. Also note that daemonic units do count towards the "For each kill you have inflicted during the assault" assault modifier of your opponent.

In the End phase, after all rally tests, all summoned daemonic units are converted back into daemon markers and returned to the Daemon Pool. Note that this may lead to the formation breaking. War Engine units that are returned to the Daemon Pool keep their current DC and do not heal back to full DC. If they are summoned again they will have the same DC they had before being returned to the Daemon Pool.

## 13<sup>TH</sup> BLACK CRUSADE BLACK LEGION ARMY LIST

13<sup>th</sup> Black Crusade Black Legion armies have a strategy rating of 4. Chaos Navy formations have an initiative rating of 2+. All other formations have an initiative rating of 1+.

May transport one formation of infantry units (except Chaos Space Marine Bikes) and Chaos Dreadnoughts. The Dreadclaw does not scatter 2d6cm after being placed within 15cm of the drop zone co-ordinates recorded at the start of the game (see Planetfall). Any troops carried in the Dreadclaw must disembark within 5cm of the Dreadclaw or within 5cm of another unit from the same formation that has already landed, so long as all units are placed within 15cm of the Dreadclaw. Dreadclaw models should be removed from the board once the formation they transport has disembarked.</i> |

### SPECIAL RULE

#### *Augmented Summoning*

Some chaos units are noted as having *Augmented Summoning* (+x). Units with this ability add a number of summoning points equal to “x” when the formation they are in summons daemons (see *Summoned Units*). For example, a unit noted as having Augmented Summoning (+2D3) would allow a formation with a Daemonic Pact to roll 4D3 for summoning points as opposed to the usual 2D3.

### SPECIAL RULE

#### *Daemonic Focus*

Certain Chaos units are noted as having *Daemonic Focus*. Units with this ability may keep any or all summoned units that belong to the formation in play. Summoned units do not vanish back into the warp after the formation has attempted to rally. Chaos units with daemonic Focus may not be used to keep summoned units in play if the formation is broken.
